

proposing 2x12's - 24" o.c. Okay?

What would you propose here?

existing 2x6's - 24" o.c.

existing nonstructural ridge board

this part doesn't need to be reinforced

i am assuming this is a structural beam spanning between left/right walls. what is the framing here?

EXISTING BUILDING

5' - 0" SIDE SETBACK

114' - 8"

15'-3 1/4"
